

Installing the CF Mini Coir Tech™ Cartridges with CF Clips

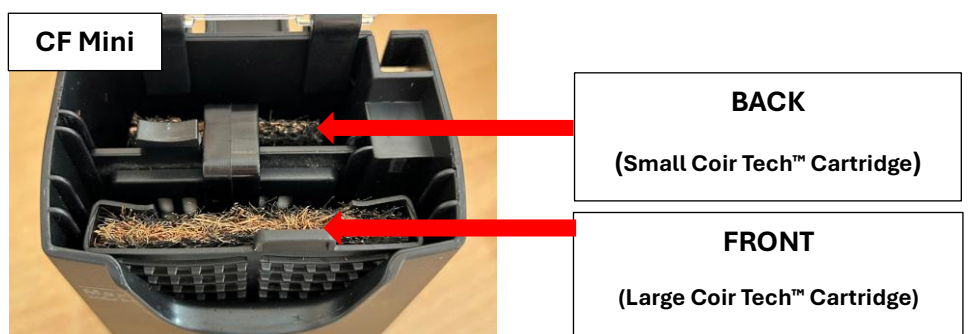

1. Lift the clear lid to the fully open position.
2. Remove the old CF cartridge and dispose of responsibly.
3. Open new Coir Tech™ cartridges, submerge the Coir Tech™ cartridges under water for 5 seconds to expel any trapped air.
4. Then using the provided bio-holster, insert the larger Coir Tech™ cartridge inside the holster (see images below).

5. Then remove the ceramic cartridge and using the clips provided, attach the back (smaller) Coir Tech™ cartridge onto the ceramic cartridge. Reuse the clips each month, the clips are made from recycled materials

6. Then reinsert both cartridges into the CF mini filter as per the images below:

7. Then close the lid to complete the installation.
8. Replace the Coir Tech™ cartridges every month to keep your aquarium healthy, clean and clear.
